

Summer Time-of-Use Hours and Tiered Thresholds

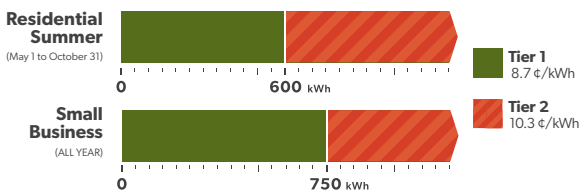

May 1 - October 31, 2023

Prices remain unchanged for Time-of-Use and Tiered price plans. This applies to the Electricity Line of your bill.

Summer Time-of-Use Hours

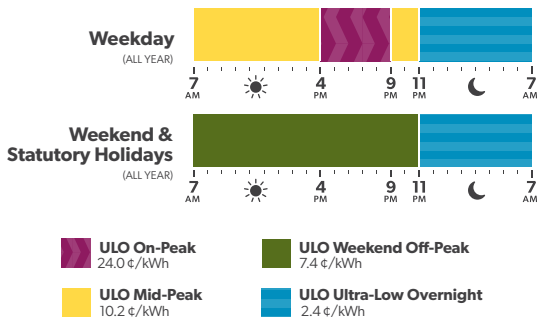

Summer Tiered Thresholds (kilowatt hours)

New Ultra-Low Overnight (ULO) Hours

Beginning May 1, 2023, utilities that are ready to do so can offer the new ULO price plan. ULO has four price periods, one of which is a very low-priced overnight period.

Choose the price plan that's right for you.

EASY WAYS

to save energy and stay cool this summer

Use a programmable thermostat

and set it to 22C (71F) when you are home and 24C (75F) when you are sleeping or away to reduce cooling costs.

Use weatherstrip or caulking to seal gaps around windows and doors

to keep cool air in and warm air out.

Rotate ceiling fans in a counterclockwise direction

to help cool the room.

Close blinds and curtains during the day

to keep the heat out.

Unplug electronics that aren't in use

and turn off unnecessary lights.

Use high-consumption appliances, such as washing machines and dishwashers, during **off-peak hours**.

Give your stovetop and oven a break

and try some new recipes on the BBQ.

Visit myaccount.brantfordpower.com

- Register and log in to the My Account online portal to access your energy consumption information.
- Learn how much energy you use and when you use it.
